Pre-Registration

For the last three semesters, the Evening and Summer Session Office has conducted pre-registration and pre-payment by mail. This has meant that accepted and paid students need not appear on registration day. Pre-registered and pre-paid students may report directly to their first class on June 28 (evening only) or June 29 (all scheduled classes).

Pre-registration will be conducted from April 1 - May 1, 1971. Interested students should write or stop in the Summer Session Office, Room 206, Miller Administration Building, for an application form.

Students should complete the application and return it promptly to the Summer Session Office. Applications are handled on a first-come, first-served basis. Alternate courses should be listed in case the first choice(s) is closed.

Students will receive a bill about May 20 which must be paid in full by June 15 to complete registration. Lack of payment by June 15 will mean the student must register in person on June 28 and course cards you have requested will be released for general consumption.

Payment will be acknowledged by a receipt card and a Summer Session I.D./Library Card.

Registration in Person

For students who did not complete pre-registration procedures or were not formally admitted to the College in time for pre-registration, there will be a "walk-in" registration on June 28 from 9 a.m. - noon in the Auditorium of the Old Main building on campus. Persons who have pre-registered should not try to drop or add a course on this day.

Registration for Short-Term Courses

Persons who have not pre-registered and who wish to attend a short-term course or workshop, should appear on the first class day at 8 a.m. in the Summer Session Office located in Room 206, Miller Administration Building.

Post-Session Registration

Registration for Post-Session courses may be done by adding a course anytime during the six-week session or at the time of pre-registration or between 8 - 9 a.m. on Monday, August 9, in Room 206, Miller Administration Bldg.

Outdoor Education Center Courses

The College offers a limited number of courses in Biology at its Outdoor Education Center located in the Central Adirondacks. Registration for these courses should be done through the Biology Dept., College at Cortland.

Academic Regulations

Student Responsibility

During the Summer Session, the principles and regulations governing course work and credit which our outlined in the College's Undergraduate Catalog remain in force. The College expects those who are admitted to carry out their responsibilities as students so that their work is a credit to themselves and to the College. Hence, the College reserves the right to terminate the enrollment of any student whose conduct or academic record is unsatisfactory to College officials.

All Students attending Summer Session at Cortland are subject to College policies which are in effect during the regular academic year.

Cancellation of Classes

If a student wishes to take more than the normal six-hour load, a request for a maximum of eight (8) semester hours during the six-week Summer Session must be approved by an Academic Adviser and the appropriate Division Dean.
